

About university-industry relationships

Dr. Eve Menger-Hammond

formerly:

Allied Chemical, Corning Glass, University of California Santa Cruz, University of Virginia,
United States of America

Dr Eve Menger-Hammond has an unusual career, spanning both academia and industry: she was research director at Allied Chemical and Corning Glass as well as on the faculty at the University of California at Santa Cruz and the University of Virginia. In her presentation she will reflect on the various types of University-Industry relationships, their benefits and some barriers in establishing such relationships, as well as possible means to overcome these barriers.

N.B. conférence importante pour des étudiants en master/doctorat souhaitant entrer dans l'industrie par la suite.
